1000 tractors to Brussels - Big demonstration of milk producers on 26 and 27 November

Start from Luxemburg

The milk market is on fire. European milk producers are facing a dramatic situation. For too long milk prices do not cover the costs of production and thousands of milk producers had to give up already.

Dairy farmers from all over Europe demonstrate on 26 and 27 November 2012 in Brussels and organise spectacular actions to call attention to their unbearable situation. Policy makers have to assume their responsibilities and take efficient legislative measures for the milk market.
