Committee of the Regions: Why is EU Commission lagging behind ?

Press release by the Committee of the Regions.

On 8 June, the European Parliament's Agriculture Committee adopted the report by James Nicholson (ECR). This means there is consensus between the Parliament, the European Committee of the Regions and the European Economic and Social Committee that new tools are needed to safeguard dairy producers' incomes. (...) "Given the situation, it is unbelievable that the European Commission is continuing to turn a deaf ear to this issue and to state that market prospects are favourable," stated René Souchon (PES/FR), president of the Auvergne Regional Council .

Please find here the complete press release of the Committee of the Regions.
