### Dairy farmers' protests in Europe

#### England: Dairy farmers blockade Müller site over milk price freeze

About 80 farmers have joined the blockade of the Müller site in Shropshire on August 7, organised by Farmers For Action. The action was prompted by Müller's announcement to hold its standard non-aligned liquid milk price for September at about 18p/litre (ca. 21 cents).

- Farmers' children dump milk in East Frisia (1st August)

A spontaneous tractor rally of 50 dairy families took place in Aurich, East Frisia. The farmers' children dumped milk from their toy tankers. The farmers protested against the continuing disastrous milk price and claimed a quick solution through a European production cut-back.
